Dear Sir/Madam,

Re: Application for Graduate assistant post.

I have received an e-mail regarding the graduate assistantship posts availability at your college Student affairs department. I would like to take this opportunity to apply for the position, I have included my resume accordingly.

I am currently working as an IT Security Analyst at HSBC Global Technology –India. I have been part of a team that takes a problem-solving approach to tasks and have helped them to formulate action plans. This helped me not only in developing and acquiring new skills but also in contributing to the improvement of the process. I am hardworking person and possess good communication and presentation skills. I know that this opportunity would greatly enhance my learning for a successful career.

I hope my letter and resume creates a good impression on you and I am looking forward for the interview to discuss further about the job.

Thanking you for sparing the time to read my letter

Sincerely,
Sruthi Chiluka

- Awarded with Shukran for being customer driven as a token of appreciation from HSBC for both my commitment and quality of work.

Academic Projects:

- **Indian Social Security Number**

Description: The main objective of the project is to issue a unique ID for all residents in India devoid of any classification based on caste, creed, religion and geography. The number will store basic demographics and biometric Information. This unique number will be easily verifiable and robust enough to eliminate the large number of duplicate and fake identities in government and private databases

Environment: Visual Studio.NET 2008 (ASP.NET, C#.NET), SQL Server 2008

- **Office automation solutions for Police Stations.**

Description: Project deals with the maintenance of the data regarding police stations. There are two modules that deal with Police station user and other deals with administrator. This software can be used by the police station to access data globally to improve and provide customize solutions for all the police stations to meet central government needs in short time.

Environment: Visual Studio.NET 2008 (ASP.NET, C#.NET), SQL Server 2008

Papers Presented:

- Presented a paper on **3D FACE RECOGNITION** in the National Symposium “Technoswec-2k10” organized at Sridevi Women’s Engineering College, Hyderabad 2010.
- Participated in Project Contest organized at Sridevi Women’s Engineering College in collaboration with ISTE, CSI, and IEEE Chapters.

Workshops/Training Attended:

- Attended a workshop on “**Ethical Hacking& Information Security**” organized by Kyrion Digital Securities during 6-08-2010 and 7-08-2010 in association with I-Fest IEEE student chapter IIT Roorkee.

Personal Strengths:

- Success driven team player with interpersonal skills and early adaptation to new applications and technologies.
- Excellent Verbal and Written Communication Skills.
- Exceptionally good in problem analyzing, solving and troubleshooting skills

Extra-curriculum Achievements:

- I have achieved ‘B’ certificate in NCC (National Cadet Corps).
- I was one of the CS(Corporate Sustainability) volunteer’s at HSC.
